PART ONE

GENERAL GUIDANCE FOR STUDY REFERENCES

NOTICE: THIS WAPS CATALOG IS ONLY FOR PROMOTION ELIGIBLE PERSONNEL TESTING TO THE GRADE OF SSGT.

This catalog identifies the available enlisted promotion tests and associated study references for Airmen preparing for promotion to the grade of **SSgt**.

1. Use of the WAPS Catalog:

a. **Part One** should be read by all promotion eligible examinees testing for promotion to the grade of SSgt, WAPS monitors, and TCOs. It provides general information that may be of use when Airmen are studying for promotion testing.

b. **Part Two** should be read by all promotion-eligible examinees testing to the grade of SSgt, WAPS monitors, and TCOs. It provides a list of each enlisted promotion test developed and the materials used to develop the test.

(1) The study references are listed in numerical sequence by Air Force Promotion Test (AFPT) number for each SKT. Each set of study references is listed for each AFPT, to include the PFE. Part Two, Section III, lists the PFE and SKT study references for promotion testing for SSgt.

(2) CDC (to include modules) study references are listed by volume with edit codes. If these publications are superseded, continue to use the edition listed in this catalog and available at Enlisted Promotion Study Guides (EPSG) - <https://www.studyguides.af.mil>. If these publications are superseded or replaced, use the most current dated publication as the study reference unless the catalog indicates otherwise. Additionally, EPSG will contain non-CDC references for certain career fields as identified in the reference listing. For issues obtaining **non-CDC references** on EPSG, contact your unit WAPS Monitor. **For CDCs containing FOUO information please contact AETC Studies and Analysis Squadron/AAA at afoms.tea@us.af.mil to obtain these CDCs.**

(3) For some non-CDC study references, you will need to complete the following steps to ensure you are able to use the links listed in this catalog. First, after you open the 2026 WAPS Catalog you will need to click on the “Options” tab at the top right and select “Trust this host one time only or Trust this host always.” Once this step is completed, all of your hyperlinks and links to your study material should open.

NOTE: If an examinee believes a test question is no longer valid due to a reference change / revision, he or she should answer the question to the best of his or her knowledge and then submit an AFPT 230, *AFPT Query*, immediately upon completion of testing through the TCO. Query instructions are printed on the form and discussed in DAFMAN 36-2664, *Personnel Assessment Program*.

a. **Part Three** is primarily used by TCOs. It provides information on test booklet management, general test administration, and special instructions.

[Return to table of content](#)

2. **Testing cycles included in this catalog:** This edition lists study references for the following promotion cycle and test administration period:

26E5 promotion to Staff Sergeant (SSgt); testing window **1 May to 30 June 2026**.

3. **Study Reference Information**

a. The **PFE** is based solely on the Air Force Handbook 1, *Airman*. Examination content and importance are determined by Attachment 1, Airman Development and Testing Chart (ADTC) of each applicable study guide for promotion. There will be no study guides developed for the 26E5 Testing Cycle. You can obtain the study reference information for the PFE from Section III of this document, **this includes personnel testing PFE only**. If you have any questions concerning the AFH 1, please e-mail us at afh@us.af.mil.

b. The **SKT** is designed to sample an Airman's knowledge of his or her entire Air Force specialty and not a specific job. The SKTs sample career field-wide knowledge areas most appropriate for promotion. Questions are drawn from the references listed in this catalog. You can obtain the study reference information for the SKT from Section III of this document. If you are testing PFE only (**AS INDICATED IN PART 2, SECTION IIA**) you will not have SKT study reference material in Section III of this document.

(1) CDCs from the Air Force Career Development Academy (AFCDA) and some unique non-CDC references are available to eligible Airmen through the electronic WAPS Online Reference Library Database (eWORLD) on the EPSG website at <https://www.studyguides.af.mil/>.

(2) Other listed study references should be available in the work area. DAFMAN 36-2664, outlines Airmen's responsibilities.

(3) Joint Pubs (JPs) and DoD manuals and instructions can be found at <https://www.jcs.mil/Doctrine>.

(4) Due to naming convention changes for AFIs and AFMANs, some references are listed as DAFI, DAFMAN, AFI, or AFMAN. In many cases, ePUBS is still using the older naming convention. Airmen should search for the AFI or AFMAN first, and then the DAFI or DAFMAN.

(5) Federal Aviation Administration (aircraft maintenance only) references can be found at https://www.faa.gov/regulations_policies/handbooks_manuals/aviation.

c. Reference libraries must be established for non-CDC study materials at base, unit, or functional level. The **unit WAPS monitor** must ensure these materials, which may consist of AFIs, AFMANs, TOs (not available online), or commercial publications, are available on a 2:7 ratio. Airmen may ask their unit WAPS monitor to order any study reference that is not available locally or electronically. Unit WAPS monitors only need to establish these libraries if there is a requirement to maintain them based on the eligible population within their unit needing or utilizing non-CDC references.

4. **Procurement of Non-Air Force Documents for Study in Preparation for SKT Testing:**

a. The STS, found in the Career Field Education and Training Plan (CFETP), provides the procurement source for non-Air Force publications. Refer to AFMAN 36-2664 for steps to take if study reference material cannot be obtained to support preparation for testing. Airmen are responsible for obtaining these references by contacting their unit WAPS monitor.

b. Commercial technical reference books should be ordered in accordance with DAFI 34-101, *Department of the Air Force Morale, Welfare, and Recreation (MWR) Programs and Use Eligibility, Chapter, Chapter 17, paragraph 17.21.*

c. The purchase of commercial medical reference books should be with medical treatment facility funds for a medical library.

5. **Test Compromise:** Any unauthorized discussion, disclosure, or possession of Controlled Test Material (CTM) information is a compromise of test material and a violation of directives and is punishable under Article 92, *Uniform Code of Military Justice*. DAFMAN 36-2664 further discusses compromise of test material.

6. **POCs:** If an Airman cannot first resolve a question and / or concern through their unit or base WAPS monitor, the Airman may then contact one of the following POCs:

WAPS CDCs	AFCDA	597-3018
General promotion test procedures	HQ AFPC/DPPDA	665-3618

1. Electronic copies of unclassified CDC volumes and some unique non-CDC reference used to develop SKTs are available at <https://www.studyguides.af.mil/>. Directions for downloading volumes are available on the site.
2. These volumes are intended for enlisted promotion test study only.
3. If your CDC material is considered (FOUO) please have your Unit WAPs monitor request copies of your CDC material at afoms.tea@us.af.mil.
4. If you encounter any issues with the CDC content of a volume, accessing a volume, or missing volume(s) please e-mail AFCDA at 2AF.AFCDA.SupportServices@us.af.mil. For **non-CDC references**, contact AETC SAS/AAA via e-mail at afoms.tea@us.af.mil.

PART THREE

ANNUAL TESTING REQUIREMENTS

The Annual Testing Requirements contains section I – General Information and section II – Special Instructions for Test Administration. Refer to DAFMAN 36-2664, Test Control Officer (TCO) Guide, and Air Force Personnel Test 250, *Instructions for Administering Air Force Promotion Tests*, for procedures concerning the administration, processing, and storing/handling of Air Force Promotion Tests.

SECTION I: GENERAL INFORMATION

1. Promotion Test Administration. TCOs/TEs should administer promotion tests according to the guidance listed in the most recent Edition of AFPT 250. Examiners must not deviate from any of the instructions including changing the return time for the second test. Once the initial start time has been established, the stop time and return time should not be changed barring any emergencies or test interruptions. POC is HQ AFPC Testing Office, DSN 665-3618, or e-mail: afpc.dppda.miloperationtesting@us.af.mil.

a. SKTs and PFEs. Normally, an SKT and a PFE will be administered to each examinee under WAPS. Some specialties have no SKT; only the PFE will be administered. In addition, most reporting identifier (RI) and special duty identifier (SDI) personnel will not be administered an SKT.

b. Test Administration Windows. Promotion year 2026 tests will be administered to the majority of eligible active-duty Airmen as follows:

Promotion to SSgt (SrA examinees)

1 May through 30 Jun 26

c. Administration Information. Ensure the correct AFPT Edition date is administered as follows:

(1) Administer the 1 Apr 26 E5 PFE/SKT starting 1 May 26.

(2) Continue to administer 1 Apr 25 E5 PFE/SKT through 31 Mar 26.

2. The WAPS Information Retrieval (WIRE) System. WIRE is a tool to provide enlisted promotions and testing officials' access to periodic snapshots of data on the promotion file. WIRE provides the SURF-like display of individual records (one person at a time). WIRE has several other listings to help manage testing cycles. For example, lists can be viewed of non-weighable (missing tests), data error, eligible, select, non-select, and ineligible for active cycles. The application is normally refreshed twice a week. However, there are periods during which updates to the WIRE database are not accomplished. These periods include time between initial / supplemental select runs and releases, as well as times when SNCO evaluation boards are in session. The date of the latest refresh is reflected in the application. WIRE is housed inside the AFPC Retrieval Applications Web (RAW) site where it is protected from unauthorized access. It is essential to use WIRE to minimize potential faulty test administrations. For assistance in establishing a WIRE account, please contact HQ AFPC/DP2SPP Systems, DSN 665-2372.

SECTION II – SPECIAL INSTRUCTIONS

(Note 11) Personnel assigned to this SDI will take the PFE and the SKT in their current CAFSC.
